**Source:** Lucent's General Knowledge – Computer

Computer: Cloud Computing, Encryption, Government Digital Initiatives

**50 Questions • 30 Minutes**

**Instructions:**

- Each question has 4 options (A, B, C, D).
- The correct answer is shown on the right side of each question.
- Detailed explanations with textbook page references are at the end.

# Questions

---

**Q1. Cloud Computing is on demand delivery of computer power, database storage, applications and other IT resources through:**

- A. CD/DVD
- B. A cloud services platform mainly via the internet
- C. Floppy disk
- D. USB drive

**Ans: B**

**Q2. Cloud Computing is a distributed computer architecture that provides software, infrastructure and:**

- A. Hardware only
- B. Platforms just as required by applications/users
- C. Nothing
- D. Only storage

**Ans: B**

**Q3. Spreadsheet/MS Excel is appropriate for performing:**

- A. Only typing
- B. Numerical and statistic calculations
- C. Only drawing
- D. Only printing

**Ans: B**

**Q4. CAD/CAM systems are based on:**

- A. Simple text
- B. Interactive Computer Graphics
- C. Audio signals
- D. Video only

**Ans: B**

**Q5. Data Encryption Standard (DES) is an implementation of a Feistel Cipher. It uses how many round Feistel structure?**

- A. 8
- B. 16
- C. 32
- D. 64

**Ans: B**

**Q6. The block size of DES (Data Encryption Standard) is:**

- A. 32 bits
- B. 64 bits
- C. 128 bits
- D. 256 bits

**Ans: B**

|                                                                                                                                                                                                                    |        |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| <p><b>Q7. The Banker algorithm is a resource allocation and deadlock avoidance algorithm developed by:</b></p> <p>A. Tim Berners-Lee<br/>B. Edsger W. Dijkstra<br/>C. Charles Babbage<br/>D. Alan Turing</p>       | Ans: B |
| <p><b>Q8. Gateway is used to connect two different networks using:</b></p> <p>A. Same protocol<br/>B. Different protocols<br/>C. No protocol<br/>D. Single cable</p>                                               | Ans: B |
| <p><b>Q9. A half byte is known as 'Nibble' and consists of:</b></p> <p>A. 8 bits<br/>B. 4 bits<br/>C. 2 bits<br/>D. 16 bits</p>                                                                                    | Ans: B |
| <p><b>Q10. MS Excel from Version 8.0 to 11.0 could handle 65,536 rows and:</b></p> <p>A. 128 columns<br/>B. 256 columns<br/>C. 512 columns<br/>D. 1024 columns</p>                                                 | Ans: B |
| <p><b>Q11. MS Excel Version 12.0 can handle 10,48,576 rows and:</b></p> <p>A. 256 columns<br/>B. 16,384 columns<br/>C. 1024 columns<br/>D. 65,536 columns</p>                                                      | Ans: B |
| <p><b>Q12. The robot named 'Pepe' was recently used by pupils at a primary school in:</b></p> <p>A. Tamil Nadu<br/>B. Kerala<br/>C. Karnataka<br/>D. Delhi</p>                                                     | Ans: B |
| <p><b>Q13. India's first indigenously developed payment ecosystem for transport is based on:</b></p> <p>A. UPI<br/>B. National Common Mobility Card (NCMC) standards<br/>C. Credit cards only<br/>D. Cash only</p> | Ans: B |

|                                                                                                                                                                                                                                           |        |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|
| <p><b>Q14. Mobile App 'cVIGIL' has been launched by:</b></p> <p>A. RBI<br/>B. Election Commission of India<br/>C. NITI Aayog<br/>D. Supreme Court</p>                                                                                     | Ans: B |
| <p><b>Q15. VISHWAS stands for Video Integration and State Wide Advanced:</b></p> <p>A. System<br/>B. Security<br/>C. Software<br/>D. Service</p>                                                                                          | Ans: B |
| <p><b>Q16. VISHWAS project aims at improving:</b></p> <p>A. Education<br/>B. Law and Order Management, Proactive traffic management and control, Crime detection<br/>C. Agriculture<br/>D. Healthcare</p>                                 | Ans: B |
| <p><b>Q17. A gutter margin adds extra space to the side margin, top margin, or inside margins of a document that you plan to:</b></p> <p>A. Delete<br/>B. Bind<br/>C. Email<br/>D. Copy</p>                                               | Ans: B |
| <p><b>Q18. An integrated circuit (IC) is small chip that can function as an amplifier, oscillator, timer, microprocessor, or even computer memory. It is usually made of:</b></p> <p>A. Copper<br/>B. Silicon<br/>C. Gold<br/>D. Iron</p> | Ans: B |
| <p><b>Q19. WorldWideWeb: First Web browser was developed in the mid and late 1980s. Tim Berners-Lee is credited with developing it in:</b></p> <p>A. 1985<br/>B. 1990<br/>C. 1995<br/>D. 2000</p>                                         | Ans: B |
| <p><b>Q20. The first web browser was called WorldWideWeb and was later renamed:</b></p> <p>A. Chrome<br/>B. Nexus<br/>C. Firefox<br/>D. Safari</p>                                                                                        | Ans: B |

|                                                                                                                                                                                                                                     |                      |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <p><b>Q21. Windows 10 was released as a preview on:</b></p> <p>A. October 5, 2021<br/>B. 1st October, 2014<br/>C. March 4, 2019<br/>D. June 1, 2015</p>                                                                             | <p><b>Ans: B</b></p> |
| <p><b>Q22. Windows 11 was released on:</b></p> <p>A. 1st October, 2014<br/>B. 5th October, 2021<br/>C. March 4, 2019<br/>D. January 1, 2022</p>                                                                                     | <p><b>Ans: B</b></p> |
| <p><b>Q23. e-Pramaan is a framework for:</b></p> <p>A. e-Commerce<br/>B. e-Authentication for public services<br/>C. e-Learning<br/>D. e-Banking</p>                                                                                | <p><b>Ans: B</b></p> |
| <p><b>Q24. Online e-Sign (e-Hastakshar) facility was formally launched in:</b></p> <p>A. 2010<br/>B. 2015<br/>C. 2020<br/>D. 2005</p>                                                                                               | <p><b>Ans: B</b></p> |
| <p><b>Q25. e-Sign service facilitates instant signing of documents online by citizens in:</b></p> <p>A. Illegal form<br/>B. A legally acceptable form<br/>C. Temporary form<br/>D. Unverified form</p>                              | <p><b>Ans: B</b></p> |
| <p><b>Q26. National Knowledge Network (NKN) was established in:</b></p> <p>A. 2005<br/>B. 2010<br/>C. 2015<br/>D. 2020</p>                                                                                                          | <p><b>Ans: B</b></p> |
| <p><b>Q27. The objective of NKN is to interconnect all institutions of higher learning and research with:</b></p> <p>A. Low-speed network<br/>B. A high-speed data communication network<br/>C. Radio signals<br/>D. Television</p> | <p><b>Ans: B</b></p> |

|                                                                                                                                                                                                                                                            |                      |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <p><b>Q28. NKN is the only network globally that carries research and evaluation, internet and e-Governance traffic as:</b></p> <p>A. One vertical<br/>B. Three independent verticals under one umbrella<br/>C. Separate networks<br/>D. Two verticals</p> | <p><b>Ans: B</b></p> |
| <p><b>Q29. UMANG stands for:</b></p> <p>A. Universal Mobile Access for New Generation<br/>B. Unified Mobile Application for New-Age Governance<br/>C. United Mobile App for National Government<br/>D. Universal Management Application for Governance</p> | <p><b>Ans: B</b></p> |
| <p><b>Q30. UMANG was developed and launched in:</b></p> <p>A. 2015<br/>B. 2017<br/>C. 2019<br/>D. 2020</p>                                                                                                                                                 | <p><b>Ans: B</b></p> |
| <p><b>Q31. UMANG's core platform is integrated with:</b></p> <p>A. Only banking<br/>B. Aadhaar, DigiLocker, PayGov, Rapid Assessment System (RAS) etc.<br/>C. Only education<br/>D. Only health</p>                                                        | <p><b>Ans: B</b></p> |
| <p><b>Q32. UMANG supports how many Indian languages?</b></p> <p>A. 5<br/>B. 12<br/>C. 22<br/>D. 8</p>                                                                                                                                                      | <p><b>Ans: B</b></p> |
| <p><b>Q33. Over how many services from central/states departments are on boarded into UMANG?</b></p> <p>A. 500<br/>B. 2,033<br/>C. 100<br/>D. 5000</p>                                                                                                     | <p><b>Ans: B</b></p> |
| <p><b>Q34. Digital Locker (Digilocker) is a key initiative under:</b></p> <p>A. Make in India<br/>B. Digital India<br/>C. Swachh Bharat<br/>D. Skill India</p>                                                                                             | <p><b>Ans: B</b></p> |

|                                                                                                                                                                                                                                                                          |                      |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <p><b>Q35. Digital Locker is a platform for insurance and verification of documents and certificates in:</b></p> <p>A. Paper form<br/>B. A digital way (eliminating use of physical documents)<br/>C. Audio form<br/>D. Video form</p>                                   | <p><b>Ans: B</b></p> |
| <p><b>Q36. Indian residents who signup for a DigiLocker account get a dedicated:</b></p> <p>A. Physical locker<br/>B. Cloud storage space<br/>C. Bank account<br/>D. Email address</p>                                                                                   | <p><b>Ans: B</b></p> |
| <p><b>Q37. Over how many crore users are registered with DigiLocker platform?</b></p> <p>A. 10<br/>B. 29.61 crore<br/>C. 50 crore<br/>D. 5 crore</p>                                                                                                                     | <p><b>Ans: B</b></p> |
| <p><b>Q38. Over how many crore documents are accessible via Digi Locker?</b></p> <p>A. 100<br/>B. 675 crore<br/>C. 50<br/>D. 1000</p>                                                                                                                                    | <p><b>Ans: B</b></p> |
| <p><b>Q39. PRAGATI stands for:</b></p> <p>A. Progressive Governance And Technology Initiative<br/>B. Pro-Active Governance And Timely Implementation<br/>C. Public Resource And Government Technology Initiative<br/>D. Program for Active Government And Technology</p> | <p><b>Ans: B</b></p> |
| <p><b>Q40. PRAGATI is a video conferencing facility part of Digital India programme for e-Governance, launched in:</b></p> <p>A. 2010<br/>B. 2015<br/>C. 2017<br/>D. 2020</p>                                                                                            | <p><b>Ans: B</b></p> |
| <p><b>Q41. PRAGATI enables faster implementation of central level schemes, state level projects and resolutions of grievances between:</b></p> <p>A. Two states only<br/>B. State and central level departments<br/>C. Two countries<br/>D. Private companies</p>        | <p><b>Ans: B</b></p> |

|                                                                                                                                                                                                                                                    |                      |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
| <p><b>Q42. MeitY has made e-Praamaan available for public usage with the help of:</b></p> <p>A. IIT Delhi<br/>B. C-DAC, Mumbai<br/>C. IISc Bangalore<br/>D. NIC Delhi</p>                                                                          | <p><b>Ans: B</b></p> |
| <p><b>Q43. Orthographic 3D Projection (a form of parallel projection) is a means of representing 3D objects in:</b></p> <p>A. 3D<br/>B. 2D<br/>C. 4D<br/>D. 1D</p>                                                                                 | <p><b>Ans: B</b></p> |
| <p><b>Q44. TAG Heuer has associated with which company to develop a smart luxury watch?</b></p> <p>A. Apple<br/>B. Google<br/>C. Samsung<br/>D. Microsoft</p>                                                                                      | <p><b>Ans: B</b></p> |
| <p><b>Q45. NKN connects SDCs (State Data Centre), NDCs (National Data Centre), Ministries and departments across:</b></p> <p>A. Only one state<br/>B. The government (all educational institutes)<br/>C. Only private sector<br/>D. Only banks</p> | <p><b>Ans: B</b></p> |
| <p><b>Q46. India's first payment ecosystem for transport based on NCMC standards was launched on:</b></p> <p>A. January 26, 2019<br/>B. 4th March, 2019<br/>C. August 15, 2019<br/>D. December 25, 2018</p>                                        | <p><b>Ans: B</b></p> |
| <p><b>Q47. cVIGIL is an innovative mobile application for citizens to report:</b></p> <p>A. Traffic violations<br/>B. Model Code of Conduct and Expenditure violations during elections<br/>C. Tax fraud<br/>D. Pollution</p>                      | <p><b>Ans: B</b></p> |
| <p><b>Q48. An IC can hold anywhere from hundreds to:</b></p> <p>A. Thousands<br/>B. Millions of transistors, resistors and capacitors<br/>C. Tens<br/>D. Only one</p>                                                                              | <p><b>Ans: B</b></p> |

**Q49. e-Sign can be integrated with service delivery applications via:**

- A. Email
- B. An Application Programming Interface (API)
- C. Phone call
- D. Letter

**Ans: B**

**Q50. Digital India's flagship program is aimed at transforming India into a digitally empowered society and:**

- A. Agricultural economy
- B. Knowledge economy
- C. Industrial economy
- D. Trading economy

**Ans: B**

# Answer Key & Explanations

---

## **Q1. Answer: B — A cloud services platform mainly via the internet**

Page 496: Cloud Computing – On demand delivery of resources through a cloud services platform mainly via the internet.

Topic: Cloud Computing

## **Q2. Answer: B — Platforms just as required by applications/users**

Page 496: It is a distributed computer architecture that provides software, infrastructure and platforms just as required by applications/users.

Topic: Cloud Computing

## **Q3. Answer: B — Numerical and statistic calculations**

Page 496: Spreadsheet/MS Excel is appropriate for performing numerical and statistic calculations.

Topic: Computer Facts

## **Q4. Answer: B — Interactive Computer Graphics**

Page 496: CAD/CAM systems are based on Interactive Computer Graphics.

Topic: Computer Facts

## **Q5. Answer: B — 16**

Page 496: DES uses 16 round Feistel structure and the block size is 64 bits.

Topic: Computer Facts

## **Q6. Answer: B — 64 bits**

Page 496: DES uses 16 round Feistel structure and the block size is 64 bits.

Topic: Computer Facts

## **Q7. Answer: B — Edsger W. Dijkstra**

Page 496: The Banker algorithm is a resource allocation and deadlock avoidance algorithm developed by Edsger W. Dijkstra.

Topic: Computer Facts

## **Q8. Answer: B — Different protocols**

Page 496: Gateway is used to connect two different networks using different protocols.

Topic: Computer Facts

## **Q9. Answer: B — 4 bits**

Page 496: A half byte is known as 'Nibble' (consists 4 bits).

Topic: Computer Facts

## **Q10. Answer: B — 256 columns**

Page 496: MS Excel Version 8.0 to 11.0 could handle 65,536 rows and 256 columns.

Topic: Computer Facts

**Q11. Answer: B — 16,384 columns**

Page 496: Later Version 12.0 can handle 10,48,576 rows and 16,384 columns.

Topic: Computer Facts

**Q12. Answer: B — Kerala**

Page 496: The robot named Pepe was recently used by pupils at a primary school in Kerala.

Topic: Computer Facts

**Q13. Answer: B — National Common Mobility Card (NCMC) standards**

Page 496: India's first indigenously developed payment ecosystem for transport, based on National Common Mobility Card (NCMC) standards, launched on 4th March, 2019.

Topic: Govt Initiatives

**Q14. Answer: B — Election Commission of India**

Page 496: Mobile App 'cVIGIL' has been launched by Election Commission of India for citizens to report Model Code of Conduct and Expenditure violations during elections.

Topic: Govt Initiatives

**Q15. Answer: B — Security**

Page 496: VISHWAS is acronym for Video Integration and State Wide Advanced Security.

Topic: Govt Initiatives

**Q16. Answer: B — Law and Order Management, Proactive traffic management and control, Crime detection**

Page 496: VISHWAS aims at improving Law and Order Management, Proactive traffic management and control, Crime detection through video analytics.

Topic: Govt Initiatives

**Q17. Answer: B — Bind**

Page 496: A gutter margin adds extra space to margins of a document you plan to bind.

Topic: Computer Facts

**Q18. Answer: B — Silicon**

Page 496: An IC is usually made of silicon, can hold hundreds to millions of transistors, resistors and capacitors.

Topic: Computer Facts

**Q19. Answer: B — 1990**

Page 496: Tim Berners-Lee is credited with developing in 1990, both the first web server and the first web browser called WorldWideWeb (later renamed Nexus).

Topic: Internet

**Q20. Answer: B — Nexus**

Page 496: The first web browser was called WorldWideWeb (without spaces) and later renamed Nexus.

Topic: Internet

**Q21. Answer: B — 1st October, 2014**

Page 496: Windows 10 was released as a preview on 1st October, 2014.

Topic: Computer Facts

**Q22. Answer: B — 5th October, 2021**

Page 496: Windows 11 was released on 5th October, 2021.

Topic: Computer Facts

**Q23. Answer: B — e-Authentication for public services**

Page 496: e-Pramaan: Framework for e-Authentication for public services. Objective is to deliver government services securely.

Topic: Govt Initiatives

**Q24. Answer: B — 2015**

Page 496: Online e-Sign (e-Hastakshar) facility was formally launched in 2015.

Topic: Govt Initiatives

**Q25. Answer: B — A legally acceptable form**

Page 496: e-Sign facilitates instant signing of documents online by citizens in a legally acceptable form.

Topic: Govt Initiatives

**Q26. Answer: B — 2010**

Page 496: National Knowledge Network (NKN) was established in 2010.

Topic: Govt Initiatives

**Q27. Answer: B — A high-speed data communication network**

Page 496: NKN objective: interconnect all institutions of higher learning and research with a high-speed data communication network.

Topic: Govt Initiatives

**Q28. Answer: B — Three independent verticals under one umbrella**

Page 496: NKN is the only network globally that carries research/evaluation, internet and e-Governance traffic as three independent verticals under one umbrella.

Topic: Govt Initiatives

**Q29. Answer: B — Unified Mobile Application for New-Age Governance**

Page 496: UMANG: Unified Mobile Application for New-Age Governance.

Topic: Govt Initiatives

**Q30. Answer: B — 2017**

Page 496: UMANG has been developed and launched in 2017 as a single mobile platform to deliver major government services.

Topic: Govt Initiatives

**Q31. Answer: B — Adhaar, DigiLocker, PayGov, Rapid Assessment System (RAS) etc.**

Page 496: UMANG's core platform is integrated with Adhaar, DigiLocker, PayGov, Rapid Assessment System (RAS) etc.

Topic: Govt Initiatives

**Q32. Answer: B — 12**

Page 496: UMANG supports 12 Indian languages, in addition to English.

Topic: Govt Initiatives

**Q33. Answer: B — 2,033**

Page 496: Over 2,033 services from 207 central/states departments are on boarded into UMANG.

Topic: Govt Initiatives

**Q34. Answer: B — Digital India**

Page 496: Digital Locker (Digilocker) is a key initiative under Digital India, the Government of India's flagship program.

Topic: Govt Initiatives

**Q35. Answer: B — A digital way (eliminating use of physical documents)**

Page 496: Digital Locker is a platform for insurance and verification of documents and certificates in a digital way, eliminating use of physical documents.

Topic: Govt Initiatives

**Q36. Answer: B — Cloud storage space**

Page 496: Indian residents who signup get a dedicated cloud storage space.

Topic: Govt Initiatives

**Q37. Answer: B — 29.61 crore**

Page 496: Over 29.61 crore users are registered with this platform.

Topic: Govt Initiatives

**Q38. Answer: B — 675 crore**

Page 496: Over 675 crore documents are accessible via Digi Locker.

Topic: Govt Initiatives

**Q39. Answer: B — Pro-Active Governance And Timely Implementation**

Page 496: PRAGATI: Pro-Active Governance And Timely Implementation.

Topic: Govt Initiatives

**Q40. Answer: B — 2015**

Page 496: PRAGATI video conferencing facility, part of Digital India programme, e-Governance Reforming Government through Technology, was launched in 2015.

Topic: Govt Initiatives

**Q41. Answer: B — State and central level departments**

Page 496: PRAGATI enables faster implementation of central level schemes/projects and resolutions of grievances between state and central level departments.

Topic: Govt Initiatives

**Q42. Answer: B — C-DAC, Mumbai**

Page 496: MeitY has made e-Pramaan available for public usage with the help of C-DAC, Mumbai.

Topic: Govt Initiatives

**Q43. Answer: B — 2D**

Page 496: Orthographic 3D Projection (parallel projection) is a means of representing 3D objects in 2D.

*Topic: Computer Facts*

**Q44. Answer: B — Google**

Page 496: TAG Heuer, a premium watchmaker, has associated with Google to develop a smart luxury watch.

*Topic: Computer Facts*

**Q45. Answer: B — The government (all educational institutes)**

Page 496: NKN connects all SDCs, NDCs, Ministries and departments across the government and educational institutions.

*Topic: Govt Initiatives*

**Q46. Answer: B — 4th March, 2019**

Page 496: India's first payment ecosystem for transport based on NCMC was launched on 4th March, 2019.

*Topic: Govt Initiatives*

**Q47. Answer: B — Model Code of Conduct and Expenditure violations during elections**

Page 496: cVIGIL is for citizens to report Model Code of Conduct and Expenditure violations during elections.

*Topic: Govt Initiatives*

**Q48. Answer: B — Millions of transistors, resistors and capacitors**

Page 496: An IC can hold anywhere from hundreds to millions of transistors, resistors and capacitors.

*Topic: Computer Facts*

**Q49. Answer: B — An Application Programming Interface (API)**

Page 496: e-Sign is an online electronic signature service which can be integrated with service delivery applications via an API.

*Topic: Govt Initiatives*

**Q50. Answer: B — Knowledge economy**

Page 496: Digital India's flagship program aimed at transforming India into a digitally empowered society and knowledge economy.

*Topic: Govt Initiatives*
